

Scrimshaw Table / Lamp

A tripod side table and reading light combine to make a beautiful form perfect for any environment. Like an antiquated whaling tool, this floor lamp works well next to a bed or a chair, and the floor switch features a minimal design. The Scrimshaw provides an intimate light to carve by, and a place to set your pocket knife when it's quitting time.

MATERIALS

Steel, solid Canadian white ash, and black cloth covered cord.

FINISHES

Low-VOC powder coating and waterborne polyurethane.

OPTIONS

Circle or hexagon table top, exposed bulb or shade, light pull cord or floor cord switch.

DIMENSIONS

16" w X 52" h
